Professional Summary

Detail-oriented Data Analytics enthusiast and B.Tech IT student with hands-on experience in data analysis, visualization, and dashboard development. Skilled in extracting insights from structured datasets using Python, SQL, Power BI, and Tableau. Seeking Data Analyst or Business Analyst internship opportunities to support data-driven decision-making.

Technical Skills

Programming & Querying: Python, SQL
Data Analysis Libraries: Pandas, NumPy
Data Visualization: Power BI, Tableau, Matplotlib, Seaborn
Databases: MySQL, MongoDB
Tools & Platforms: Excel, Git, GitHub, Jupyter Notebook, Anaconda, AWS
Concepts: Data Cleaning, EDA, Dashboarding, KPI Analysis, Data Modeling

Experience

- Data Analytics Intern – CodSoft**2024
 - Performed exploratory data analysis on real-world datasets using Python.
 - Created meaningful visualizations to identify trends and patterns.
 - Assisted in building data-driven insights for business use cases.
- AIML Intern – YHills**Oct 2023 – Jan 2024
 - Worked with structured datasets involving preprocessing, visualization, and reporting.
 - Applied analytical thinking to evaluate model outputs and metrics.

Data Analytics Projects

- Vaccination Data Analysis** – Analyzed vaccination trends across demographics using Python and Seaborn to identify coverage patterns.
- HR Analytics Dashboard** – Built an interactive Power BI dashboard analyzing employee attrition, job satisfaction, and department-wise trends.
- Customer Churn Analysis** – Analyzed customer behavior data to identify churn patterns and key influencing factors.
- Credit Card Fraud Analysis** – Performed data exploration and visualization on transaction data to understand fraud indicators.
- Taxi Fare Analysis** – Conducted feature analysis and visual exploration of taxi fare data to identify cost-driving factors.
- Employee Turnover Analysis** – Analyzed workforce data using statistical metrics and visualizations to assess attrition risk.

Education

- B.Tech – Information Technology**2023 – Present
Sanjivani College of Engineering, KopargaonCGPA: 8.3
- HSC – Maharshi Vidya Mandir, Kopargaon**2022
- SSC – Sadhvi Preetisudhaji International School, Rahata**2020

Certifications

- Data Analytics using Power BI
- Data Visualization using Tableau
- Machine Learning – CodSoft
- NPTEL – The Joy of Computing using Python
- AWS Academy Graduate – Cloud Foundations

Achievements

- CodeChef Achievement: Daily Coder
- Smart India Hackathon – 3rd Stage Qualifier (2023, 2024)
- NASA Space Apps Challenge – National Level Participant (2024)
- Flipkart GRiD 6.0 – Software Development Track
